DETAILS OF OBSOLESCENCE			
<p>The 5G version of the VCXOs will no longer be available due to the semiconductor manufacturer ceasing to produce 5V variants. This follows the recent trend for manufacturers to drop their 5V operating ranges as the volume market requirement has fallen in favour of lower voltage versions.</p> <p>The 3G range will still be available using a different chipset that has been qualified as a drop-in replacement.</p>			
ALTERNATIVE PARTS			
There are no 5V alternatives only 3.3V parts will be available			
LAST TIME BUY DETAILS			
Once the current stock of ICs has been exhausted there will be no last time buy offered.
